Professional Summary

Full-Stack Developer with **1 year** of experience building **scalable full-stack web applications, high-performance APIs, and cross-platform solutions**. Specialized in developing complete software solutions using modern JavaScript frameworks across the entire technology stack, with expertise in both frontend architecture and backend systems design. Combines strong technical skills with a focus on **clean code architecture, performance optimization, and maintainable solutions** to deliver robust applications from concept to deployment.

Technical Skills

- **Frontend:** JavaScript (ES6+), TypeScript, React.js, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap.
- **Backend:** Node.js, Express.js, NestJS, REST APIs, Docker.
- **Database:** MySQL, Postgres, MongoDB, Database Optimization.
- **Version Control:** Git, GitHub.
- **Core Concepts** OOP, WebSockets, WebRTC, JWT Authentication, API Integration.
- **Other Skills:** Problem Solving, Linux.

Experience

Frontend Developer

Freelancer Italy Based Client Project

Remote

May 2024 - Oct 2024

- Developed a multi-page web application from scratch with custom UI components using HTML, CSS, and JavaScript.
- Utilized jQuery, MutationObserver, and IntersectionObserver to implement dynamic animations and smooth UI transitions.
- Implemented restricted page access and cart functionality for a product-based platform.
- Optimized for performance, responsiveness, and SEO-friendly architecture.

Fullstack Developer

FeliTech Solutions

Remote

Nov 2024 - Jan 2025

- Built a resume builder web app with React, Next.js, TypeScript, and Tailwind CSS.
- Developed real-time editing and multi-language support with state management (Zustand).
- Built a Node.js + Express.js backend with MongoDB for data storage.
- Integrated Docker for containerized deployments, ensuring easy scalability and hosting.
- Integrated Docker-based deployments for easy scalability and hosting.

Fullstack Developer

FeliTech Solutions

Remote

Feb 2025 - June 2025

- Designed and developed a responsive event management dashboard using React.
- Implemented **state management using React Hooks and Context API** for seamless user interactions.
- Integrated API-driven event data with React Hooks and Context API for state management.
- Enhanced UX with optimized animations, accessibility improvements, and responsive design.

Education

Lucky Institute of Professional Studies (Affiliated with JNVU)

Bachelor of Computer Applications (BCA)

June 2023 - May 2026

(Expected)
